Victorian Butler Simulation Instructions

Preferred method: Timeline

- Open the Timeline and change the number of frames from 31 to 41

- Click on the Simulation Settings tab and make sure the Start Bones From Memorize Pose is turned OFF

- On Frames to Simulate, change the default Current Frame to Animated (Use Timeline Play Range)

- On Frame 1 load Genesis 8 Male

- Move to Frame 30 and pose him using your favourite pose, make sure the pose is dForce friendly.

Pants

- Go back to Frame 1 and load the outfit

- Hide the Jacket and all its buttons

- Start the simulation

- Once finished, select the Pants, go to Parameters/Simulation and make sure the Freeze Simulation is turned ON.

Jacket

- Go back to Frame 1 and un-hide the Jacket and all its buttons

- Start the simulation

- And.... that's it.
