

Victorian Maid Simulation Instructions

Method: Timeline

- Open your timeline and change the maximum frames from 31 to 41.
- Go to the Simulation Settings tab, and turn the Start Bones From Memorized Pose **Off**,
- On Frames To Simulate change it from Current Frame to Animated (Use Timeline Play Range)
- Load Genesis 8 Female.
- Load the !VictorianMaidAll.
- Go to frame 30 and pose Genesis 8 Female using your favourite pose, make sure the pose you use is dForce friendly.
- Go back to Frame 1, and hide the Apron and the Apron Back Bow.
- Start the simulation, once done, select the Universal Dress, and go to Parameters/General/Simulation and turn the Freeze Simulation **On**.
- Un-hide the Apron and repeat the previous step.
- Un-hide the Apron Back Bow, and repeat the step above.

And.... that's it.

Thank you!
