

Wander Simulation Instructions

Preferred method is Timeline

Load Genesis 8 Female

Open the Timeline, change the the maximum frames from 31 to 51

From the Simulation Tab turn **Off** the Start Bone From Memorized Pose

On Frames To Simulate, change it from Current Frame to **Animated (Use Timeline Playrange)**

Move to Frame 30, and pose Genesis 8 Female using your favourite pose, make sure first the pose is dForce friendly.

Move back to Frame 1 and load the whole outfit.

You will start by simulating the Hoodie, you have to hide the Shawl and it's Shawl Pin.

Start the simulation, once finished, select the Hoodie, and under Parameters/General/Simulation, turn the Freeze Simulation **On**

Now we go to the Shawl

Un-hide the Shawl and the Shawl Pin

Start the simulation and.... that's it, you are all set.
